EXPERIENCE

Freelancer
Freelancing
📅 09/2024 - Present
https://cybertechnical-as.ca
- Currently developing a SaaS web application for a client using cutting edge frontend and backend technologies

Senior Developer
Kogito Software Solutions Pvt Ltd
📅 09/2020 - 08/2024   📍 Remote
- Led small to mid-size projects as a senior developer for domestic and international clients. Was responsible for reviewing code, tackling production issues and spotting and fixing performance bottlenecks.
- Mentored junior developers with code quality, performance,architecture and helped tackling complex roadblocks

Associate - Projects
Cognizant Technology Solutions Pvt Ltd
📅 02/2018 - 06/2018   📍 Kolkata
- Refactored legacy code and resolved CI pipeline issues for multiple applications
- Documented fixes into a Knowledge Base to improve collaboration.

Developer
Soffront Software Pvt. Ltd.
📅 04/2017 - 08/2017   📍 Kolkata
- Developed and optimized the in-house CRM product with third-party integrations, like Zapier, DocuSign,Quickbooks etc. focusing on creating clean and testable code
- Refactored the legacy backend by decoupling the Struts based monolithic application into a Spring MVC-based RESTful API and migrating the frontend from jQuery to ReactJS thus improving codebase maintainability.

Programmer Analyst
Nihilent Analytics Limited
📅 06/2016 - 01/2017   📍 Kolkata
- Migrated an ERP application front-end from jQuery to AngularJS of a global Oil and Gas giant thus improving application performance by 50%.

System Engineer
Tata Consultancy Services
📅 02/2013 - 07/2015   📍 Kolkata
- Responsible for enhancing and debugging legacy credit card application of a reputed Indian conglomerate
- Collaborated with senior team members to understand and contribute to the legacy backend codebase
